Branding & Identity, Digital Marketing, Video Editing, Motion Graphics, UI/UX Design, Packaging Design, Layout and Typography

PROFESSIONAL SKILLS

Attention to Detail, Adaptability, Organization, Time Management, Problem Solving, Collaboration

Design Experience

Studio Technition - Design and Print classroom at UMD.
Assisted students with screen printing, mixing inks, setting up printers, preparing correct file formats, and maintaining an organized studio space.
2023 - 2025 School Year

Screen Printer - Screen Printer & Designer at Arrow Embroidery
Designed logos, business cards, and merchandise. Managed projects from concept through screen printing and final packaging, operating an automatic screen-printing press.
2024 - Summer Internship

Freelance Designer - Graphic Design & Brand Identity
Working alongside an experienced freelance designer since graduation to present. Completed six logo and branding projects (including one collaboration) for clients such as a real estate group, flooring company, electrical company, podcast, accounting firm, and painting business. Additionally, created business cards, social media assets, signage, merchandise, and posters, including work for the Lakeville South High School football team.
2025 - Present

Objective

I'm a designer who's all about creativity, connection, and growth. I bring fresh energy, a curious mindset, and a thoughtful approach to solving problems and building visuals with meaning. Always up for learning something new, and always down to collaborate with a team that wants to make work that feels real, personal, and impactful.
